Financial Assistance

The Financial Assistance office is here to help un-insured and under-insured individuals. We will complete a screening to help identify a patient's linkage to one of the County or State Programs. Included but not limited to Medi-Cal, MIA, CMSP, Cash Discounts and possible Charitable Discounts. We will help you complete the applications, schedule appointments for you with a County Eligibility Worker and follow up with you to return all required documentation. We will assist you in following up with outside Eligibility Workers if you already have a pending case. We will complete MIA applications for San Bernardino County when applicable. We will also assist in setting up payment arrangements on cash discounted and or charity discount payments.

The issues are the same.
We wanted peace on
earth, love, and under-
standing between every-
one around the world.
We have learned that
change comes slowly.
